

## Factsheet

# Coffey ECBP Port Moresby & Madang

Education

### Project Title

Coffey ECBP Port Moresby & Madang

### Location

Port Moresby & Madang, PNG

### Client

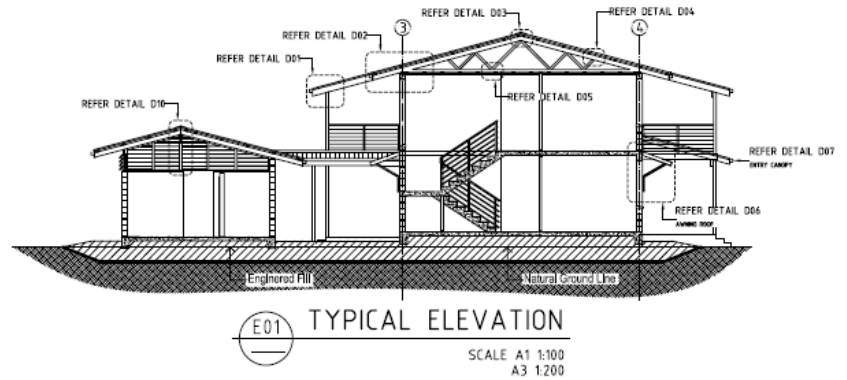

Coffey International

### Project Type

School Buildings- Varied

### Year Completed

2007

### Project Description

Project owner - Australian Agency for International Development (AusAID) through its Education Capacity Building program (ECBP) engaged their Managing Contractor, Coffey International to manage these school and college upgrade projects.

Kramer Ausenco was commissioned by the Client to design the classrooms, dormitories, messing halls and staff houses. These projects were to be tendered and constructed by reputable building contractors in Port Moresby and Madang Cities.

Kramer Ausenco initiated the Preliminary Design, Detailed Designs, and completed the relevant Documentations and provided these with the appropriate Structural Certificates to the Client for tender.

### Project Role

- Civil Engineers
