Commercial, Residential and Industrial

Project Title

Grand Papua Hotel and Apartments,
Multi-Residential

Location

Port Moresby, PNG

Client

Steamships Property

Project Type

Residential

Year Completed

2012

Project Description

The project included 20 levels of residential apartment space with associated car parking. It includes a suspended swimming pool, bar/function rooms, a restaurant and leisure facilities.

The 156 hotel room building was planned as dual key room apartments which can be configured into single, double and three bed room apartments.

The building is located central in Port Moresby with expansive views to the Coral Sea and the harbour.

Total Floor Area

28,000 sqm
