LDS Malaela Meeting House, Upolu

Location

Malaela, Upolu, Samoa

Client

Church of LDS

Project Type

Meeting House (Church)

Year Completed

2009

Project Description

The LDS Malaela Stake Centre involved construction of a new Chapel building, and upgrading existing buildings for classroom and office use. Ancillary works included a rock armour seawall, concrete car parking & footpaths and fencing.

Kramer Ausenco was responsible for preparing all documentation for implementation of the physical works, including definition of and preliminary costing of building works, development of structural & civil designs and specifications, the planning and management of tender and preparation of construction contracts. Kramer Ausenco was further commissioned to provide contract administration and

inspection services during the construction phase.

Total Floor Area

1547 sqm

Project Role

- Civil Engineering
