

Factsheet

PNG Forest Products Geotechnical & Structural Report

Commercial, Residential and Industrial

Project Title

PNGFP Geotech & Structural Report

Location

Port Moresby, PNG

Client

PNG Forest Products

Project Type

Commercial

Year Completed

2013

Project Description

Kramer Ausenco was to investigate an area very much affected by the movement of the earth. PNGFP had purchased this land.

Our registered structural engineers carried out regular site visits to collect information on the area. The information was formatted into a report and sent back to PNGFP.

Project Role

- Structural Engineering
